Bamboo Cocktail	£9
Negroni	£9.5

Our wines below are poured from our taps behind the bar. We focus exclusively on low intervention wine makers following organic, natural or biodynamic practices. These are small scale operations, often traceable to the hands of one or two makers responsible for their production, using traditional farming methods with little to no chemical additives in the process. Wine making as it used to be.

		Glass (125ml)	Carafe (500ml)
